

DIRECTOR – 1 YEAR

JEFF BENT

Obsidian Realty Group
REALTOR® - 16 Years

What interested you about serving on the Board of Directors?

I excited to help serve our members as we navigate the changing real estate landscape as well as provide a voice for our newer agents as they get established and grow their businesses. I would like to support our agent members in being at the highest level of professionalism as they interact with each other and the community through education and by example.

What experience, skills, or perspective would you bring to the Board, and how would these contribute to the organization's goals?

I have 16 years of real estate experience and 10 years brokerage ownership and supervision as well as daily hands on problems solving for agents as they deal with challenging transactions. I would bring the perspective of someone who can view the big picture and suggest solutions with long term success as primary goal.

How have you been involved with the association and real estate community, and how would you represent the interests of all members?

I have been on the Young Professionals Network Committee where we facilitated and organized many successful events. I was also on the Partners Committee where I was happy to facilitate interactions between realtors and member partners including title, lending and insurance, etc.
