

DIRECTOR – 3 YEARS

KATHLEEN VAUGHN

Bozeman Real Estate Group
REALTOR® - 14 Years

What interested you about serving on the Board of Directors?

I enjoyed my first three years on the board having a voice in decisions that affect REALTORS®, our clients, and our community. I want to help advocate for property rights, responsible growth, and our industry. It also allowed me to build relationships with other professionals and community leaders, strengthen my leadership skills, and help shape the future of our association and our community.

What experience, skills, or perspective would you bring to the Board, and how would these contribute to the organization's goals?

I bring a unique perspective from 30 years of experience in new home construction through our family owned construction business, along with 14 years as a REALTOR®. This combination gives me a strong understanding of both the building and real estate industries. I can bring practical, real-world insight to the Board and help bridge the needs of builders, Realtors, homeowners, and our community.

How have you been involved with the association and real estate community, and how would you represent the interests of all members?

I have been a board member for 3 years, on the Government Affairs committee off and on for over 10 years, I did the Professional Standards Committee for about 10 years and the Golf Task Force for one year. I have also served as President of the Golf Committee for South West Montana Building Industry Association for the last 3 years and as a regular member for 8 years, I did the Parade of Homes Committee for years as well. I currently serve on the Board for the Montana Building Industry Assoc (State board of builders).
