

DIRECTOR – 1 YEAR

TERESA WILLIAMS

Engel & Volkers - Bozeman
REALTOR® - 9 Years

What interested you about serving on the Board of Directors?

I am interested in serving on the Southwest Montana REALTORS® Board of Directors because I believe our association plays an important role in supporting REALTORS®, protecting our profession, and strengthening the communities we serve. I would welcome the opportunity to give back to an organization that has been an important part of my professional journey.

I enjoy being involved, listening to different perspectives, and working collaboratively toward solutions. Serving on the Board would allow me to contribute my experience while continuing to learn from other REALTORS® and industry leaders. I want to help ensure that our association remains strong, relevant, and responsive to the changing needs of our members and the communities we serve.

What experience, skills, or perspective would you bring to the Board, and how would these contribute to the organization's goals?

I would bring a combination of real estate experience, leadership experience, business perspective, and a genuine commitment to serving others. As an active REALTOR®, I understand the day-to-day challenges our members face in a changing market and the importance of having an association that provides education, advocacy, resources, and a strong professional community.

For the past five years, I have served on the Gallatin Association of REALTORS® Leadership Committee, Financial Committee, and Educational Committee. These experiences have given me insight into the importance of thoughtful decision-making, financial responsibility, education, and strong leadership. I also currently serve in an HOA leadership role, which has strengthened my ability to listen to differing opinions, communicate effectively, work through challenges, and find solutions that serve the broader community rather than an individual interest.

I believe I would bring a practical, collaborative perspective to the Board. I am willing to listen, ask questions, consider different viewpoints, and make decisions based on what is best for the membership and the long-term health of our profession.

How have you been involved with the association and real estate community, and how would you represent the interests of all members?

I have been on the Young Professionals Network Committee where we facilitated and organized many successful events. I was also on the Partners Committee where I was happy to facilitate interactions between realtors and member partners including title, lending and insurance, etc.

How have you been involved with the association and real estate community, and how would you represent the interests of all members?

My involvement with the real estate community has been an important part of my career. Over the past five years, I have served on the Leadership Committee, Finance Committee, and Education Committee. These opportunities have allowed me to work alongside REALTORS® with different levels of experience, business models, and perspectives.

I also believe that representing members means listening to everyone—not just the most established or most vocal members. Our association includes new agents, experienced agents, independent agents, teams, brokers, and REALTORS® working in different markets and specialties. Each has unique challenges and valuable perspectives.

As a Board member, I would strive to represent the interests of the entire membership by being approachable, listening carefully, communicating openly, and considering the long-term impact of decisions. My goal would be to help create an association where members feel heard, supported, and proud to be part of Southwest Montana REALTORS®.
