

Dear Students and Parents,

We want to inform you of a change in how books will be managed moving forward. The school will no longer be responsible for ordering or distributing books. Instead, students and parents are encouraged to purchase the required books directly online or from local retailers. Music shops also stock a range of books, so you may wish to explore local options in addition to online suppliers. We believe this system will provide families with greater flexibility, cost savings, and access to a wider range of resources. Thank you for your understanding and support in this transition. If you have any questions, please don't hesitate to get in touch.

There are several advantages to this approach:

1. Books can be delivered directly to your home.
2. Some websites offer subscriptions with access to special sales, additional resources.
3. Purchases can be made online and collected in person.
4. Prices vary across different websites and stores, allowing you to choose a cost-effective option.
5. eBay and similar platforms may also provide affordable options, including pre-loaded books.

For your convenience, here are some recommended retailers: have books shipped to your address.
