

Wanted: Real Estate Interns

Management Services Rentals
Fix & Flip Consulting Finance
Investments Sales & More

Join our team and gain valuable experience in the dynamic world of real estate management, investment, and brokerage. As an intern, you will have the opportunity to earn college credit while learning the ins and outs of our business from a variety of perspectives. That's because we combine brokerage, investment, consulting, property management (even fix & flips) and sales. In addition to the full "life cycle" of real estate, we have an on-site, licensed instructor and will provide you with free classes to earn your real estate license, and after obtaining it, you will have the opportunity to assist in real estate transactions and earn commissions in addition to your hourly duties.

Responsibilities include shoulder to shoulder collaboration with our managers, investors and agents to creatively contribute to our day-to-day operations in marketing, finance, brokerage and deal making.

Previous experience in advertising, accounting, and business is helpful but not required.

In addition to gaining valuable skills and experience, this internship also offers a matching retirement plan. There is a possibility of working full-time during breaks and becoming a permanent full-time employee after graduation.

Work-life balance is important, and therefore, we offer flexible working hours. However, occasional weekends will be mandatory.

Seize your chance to launch a career in real estate.
