Hi all,

Thank you to all players who took part in the recent 10<sup>th</sup>, 11<sup>th</sup> Mixed team selections, and the 11<sup>th</sup> Grade Girls and 13<sup>th</sup> Grade Girls Team Selection sessions.

All age groups were extremely competitive this year, with a strong number of players and a very good overall standard across the groups. As always, this means some players will understandably be disappointed with the outcome, but selections often come down to very small margins when the quality is high.

For those who have been selected into teams, congratulations. We encourage you to continue working hard, supporting your teammates, and making the most of the season ahead.

For players who were hoping for a different outcome, please remember that development in football is a long-term process and players progress at different stages. What matters most is continuing to train, enjoy the game, and keep improving.

Players who are keen to keep building their skills are encouraged to attend club programmes such as the Skills Centre. These sessions are a great opportunity to develop the technical skills and confidence that support long-term player development.

If you attended the Team Selection sessions and your player is not named here, we will have a team for them once registrations close. We will have likely 10 teams in 10<sup>th</sup> & 11<sup>th</sup> Grade Mixed this year so we will have a place for your player to play.

To secure your place at CTFC, please make sure you are registered to the club to avoid missing out. On a place in your team.

Thank you again to all players and families for their effort and support during the trial process. We wish everyone the best for the season ahead.
