

INSTRUCTIONS

Dear Only Citizens Vote advocate:

The Only Citizens Vote Coalition has put together a toolkit for your use as we work to inform and educate the American public about the dangers and problems surrounding noncitizen voting during National Only Citizens Vote Week.

It's time for you to take action! The toolkit is your "to do" list for the week. The full toolkit can be found on our Only Citizens Vote Coalition website at www.onlycitizensvotecoalition.com

Each day during National OCV week has a unique theme:

MONDAY: "Shine the light" on noncitizen voting

TUESDAY: Celebrate citizenship on Constitution and Citizenship Day

WEDNESDAY: Support the federal SAVE Act

THURSDAY: Take action at the state level

FRIDAY: Protect noncitizen voters

The toolkit for each day and theme includes:

1. Template Letter to the Editor that can also be developed into editorials.
2. Media Advisory to radio talk show hosts and for use as "call in" messaging
3. Press releases to be sent out by individuals, groups or organizations
4. Sample social media posts including instructions on "tags (@)" and "hashtag themes (#)"
5. Letters to be sent to local officials, state legislators and Congress.

All of these templates can be accessed on our Only Citizens Vote Coalition website or by using the attached QR code.

We also have instructions on how to host a successful Only Citizens Vote sign rally in your local community [HERE](#).

- Each daily toolkit includes memes and artwork that can be used to carry the messages of the day.
- Please note that many of the materials (particularly the Media Advisory and Press Releases) have spaces for you to insert your personal information, so make sure to read through them carefully!
- Although these templates can be used fully as is, your voice, your specific concerns, and your state's actions to ensure that only citizens vote are key! Please feel free to edit and personalize these templates as best suits your individual or organizational needs.
