HOW TO: INTERVIEW

Put your best foot forward

Congratulations on making it to the interview stage! To set yourself up for success, we'd like to provide you with some extra information on what you can expect during the interview to help you feel prepared and ready to nail it.

Prepare yourself

Dress with comfort and personality but remember to be professional.

Make a plan

Figure out how you're going to get to the physical interview and aim to be there five minutes early.

Check your connection

For video interviews, check your battery life and internet connection. Choose a quiet, well-lit spot for setup and blur your background.

The interview could cover

- Experience overview – know your work history!
- Motivation and interest in the role – why this role, why this organisation?
- Behavioral-based questions – tell us a bit about you and what makes you tick.
- Technical questions related to the role being discussed.
- Your questions – what do you want to know? How can we help you?

Let your enthusiasm show – never assume the interviewer knows you're keen.
