Confirmation Service Hours

As a Confirmation candidate, you are preparing to assume the role of witness for Christ both in the Catholic Church (especially within your parish community) and in the world (especially within your community). See the Catechism #1319. As part of your Confirmation prep, you are being asked to find meaningful, quality ways to serve the domestic church (your family), the Catholic Church (our parish community) and the larger community.

- Your service should be unpaid.
- Your service should be connected to prayer. Ask God how he is calling you to serve, pray for those whom you serve.
- You should serve in ways that you do not normally serve, in order to let God to stretch you and show you what He can do through you.

In preparation for Confirmation, Candidates will complete 20 hours of service through 3 areas of service. We ask that you serve at least 3 hours in each area (church, community & home). The remaining 11 hours can be allotted however you feel your service is needed.

It is anticipated that you complete at least 1 service hour in each area between each of the Confirmation classes.

A strong effort for meaningful and quality service needs to be shown through your thoughtful responses to the following questions. If the quality of the service you completed is in doubt, you will receive follow-up questions from the Coordinator of the Confirmation program.

If you need help finding connections for volunteer work, please either reach out to the Church of St. Peter office or the youth minister.

All questions should be 1-2 sentences. If you need more space, go onto the back.

Please complete the worksheet on the following page and return it to the youth minister.
