

Rat Rods & Retro Rides: A vintage takeover at the Keystone Centre

Written by Betty Sawatzky Sunday, Aug 03 2025

The Western Canadian National Car Show has taken Brandon by storm as classic cars, sweet rides and rat rods are on full display at the Keystone Centre.

Hundreds of cars lined the Keystone Centre

grounds, and there were lots of smiles for Day 1 of the WCN Show 'n Shine!

Here are just a few of these beautifully restored vintage vehicles. They say, '*a picture is worth a thousand words*', but these pictures don't do them justice!

This 1937 Chev Rat Rod hails from Oxbow, Sk - owned by Lanny & Gail Martindale

SOLD!
