## PROFESSIONAL SERVICES

The goods and services shown below and following are those we can provide to our customers. You may choose only those items you desire. However, any funeral arrangements you select will include a charge for our basic services and overhead. If legal or other requirements mean you must buy any items you did not specifically ask for, we will explain the reason in writing on the statement we provide describing the funeral goods and services you selected. This list does not include prices for certain items that you may ask us to buy for you, such as cemetery or crematory services, monument lettering, death certificates, etc. The prices for those items will be shown on your statement describing the funeral goods and services you selected under the heading cash advances.

### I. BASIC SERVICES OF FUNERAL DIRECTOR AND STAFF **\$2,300**

Our basic service charge includes, but is not limited to, staff to respond to initial request for service; arrangement conference with family or responsible party; preparation of obituary notices; planning of funeral arrangements; and coordination of service with cemetery, crematory, vault companies and others as required. Also included in this charge are overhead expenses relative to our facility such as insurance, maintenance and utility expenses.

This fee for our basic services will be added to the total cost of the funeral arrangements you select. (This fee is already included in our charges for direct cremations, immediate burials, and forwarding or receiving remains).

### II. EMBALMING **\$720**

Embalming is not required by law. Embalming may be necessary, however, if you select certain funeral arrangements, such as a funeral with viewing. If you do not want embalming, you usually have the right to choose an arrangement that does not require you to pay for it, such as direct cremation or immediate burial. **We require embalming for any services selected that include any public or private viewing by the family or for mausoleum entombment.**
