

Gladys Kaulback Gilbert Medical Scholarship

Offered by the Daughters of Isabella, St. Timothy Circle, #504

This scholarship is created in memory of Gladys Kaulback Gilbert. Gladys was a woman whose life was defined by quiet generosity, steady faith and a deep love for serving others. For more than 70 years, she was a devoted member of the Daughters of Isabella, offering her time, her hands, and her heart wherever they were needed. Those who knew her remember her gentle spirit, her warmth and the way she admired anyone who chose to care for others with patience and compassion.

Gladys believed that people who enter the health-care field carry a rare gift--the willingness to comfort, to listen and to stand beside others in their most vulnerable moments. This scholarship is awarded to someone who shares that same calling. It is meant for an individual who has shown a sincere, personal commitment to healthcare as a vocation with hopes to continue their education in a way that honors the values Gladys lived daily. The family along with the Daughters of Isabella, St Timothy Circle, #504 have created this scholarship in the amount of \$1000.00. The recipient should have a stated desire to pursue some aspect of health care as his/her chosen vocation.

Attached you will find the application that will need to be completed and received no later than May 15th, 2026. The recipient of this scholarship will be contacted by June 1, 2026.

May God bless you in your pursuit of higher education.
