

2026 EVENT SPONSOR OPPORTUNITY

What better way to support your local parks, engage with thousands of community members, and grow your business than to partner with southeast Wisconsin's only public nature center?

Wehr Nature Center, located in southwest Milwaukee County, is a 220-acre urban nature preserve with five miles of trails, five distinct habitats, and a commitment to being the most accessible nature center in the region. The center is supported by a non-profit organization called the Friends of Wehr which is dedicated to the support and promotion of the Wehr Nature Center and its education programs.

We are looking to take our nature center to the next level in 2026 through meaningful partnerships that can elevate us to our vision to be a place for people of all ages, abilities and backgrounds. Will you consider joining us through sponsorship support?
