# ***Board of Adjustments and Appeals***

## ***Application for Variance***

***(Page 2)***

### ***Justification:***

The Board of Adjustments and Appeals requires that each applicant respond to the following four questions (Please refer to the attached checklist for further explanation):

1. What are the specific conditions related to this request that are unique only to the applicant's land and do not exist on other land in the same general vicinity, or in the same zoning district?

Most lots in surrounding area are significantly larger than  
0.63 Acres.

2. If this variance were not granted, how would this deprive the applicant of reasonable use of the land in a manner equivalent to uses permitted to other landowners in the same zoning district?

Would not have any covered porches therefore would be  
unable to fully utilize outdoor space

3. Are the unique conditions and circumstances a result of actions of the applicant taken after the adoption of the zoning regulations from which relief is sought?

NO

4. How will the variance preserve, and not harm, the public safety and welfare of the public and maintain the essential character of the neighborhood?

Allow for a pristine home with covered porches in the  
neighborhood. Will also allow for recreational use in backyard  
away from 1254 ~~Highway~~ Road.
