Board of Adjustments and Appeals
Application for Variance
(Page 2)

Justification:

The Board of Adjustments and Appeals requires that each applicant respond to the following four questions (Please refer to the attached checklist for further explanation):

1. What are the specific conditions related to this request that are unique only to the applicant's land and do not exist on other land in the same general vicinity, or in the same zoning district?

Lot is 1.36 Ac, House is located toward the Right Side of the property, New Garage & Studio Apt will be located on the Left Side of the property. Lot slopes down from the Front down to a creek near the back of the lot.

2. If this variance were not granted, how would this deprive the applicant of reasonable use of the land in a manner equivalent to uses permitted to other landowners in the same zoning district?

We would not be able to have my sister move in to take care of my aging parents. There are others houses on Shadowcreek Road that have detached Garages on their properties (8019, 8024, 8018)

3. Are the unique conditions and circumstances a result of actions of the applicant taken after the adoption of the zoning regulations from which relief is sought?

The need for care of my aging Parents.

4. How will the variance preserve, and not harm, the public safety and welfare of the public and maintain the essential character of the neighborhood?

Other properties on Shadowcreek Rd have detached garages. 8019, 8024 & 8018.
