

GETTING STARTED: SETTING UP YOUR FORMULER Z10 FOR SKY LIVE/HAWKEYE

Part 1: Conducting a Factory Reset on Your Formuler Z10

1. Navigate to Settings
2. Select Device Preferences
3. Select Factory Reset
4. Type in Pin Code – 0000
5. The device will complete the factory reset process. When the process is done:
 - a. Select your preferred language
 - b. Select your Wifi network and enter your Wi-fi password
 - c. At the “Setup Wired Connection” screen, select “Skip”
 - d. At the “Select region and area” screen, select the appropriate region (America, etc)
 - e. Select the appropriate time zone
 - f. Select “Complete” to complete the process
 - g. At the system update screen, press the OK button to start the system updates
 - h. At the home screen, select the Mytvonline2 App on the first row of apps
6. Note 1: If you are able to access Mytvonline2 App, but are not able to "Add Portal" after completing the first factory reset, follow the below steps:
 - a. From the Home Screen:
 - b. Select System Info
 - c. Scroll down and highlight "Check for Configuration Update"
 - d. Press the number "0" on your Formuler remote ten times.
 - e. Select the factory reset option and complete a factory reset (see steps 5 – 13 above).
 - f. After the second factory reset is complete and you are back on the Home Screen, follow the instructions below to access the Sky Live/Hawkeye content via Mytvonline2

GETTING STARTED: SETTING UP YOUR FORMULER Z10 FOR SKY LIVE/HAWKEYE

Part 2: Selecting the Mytvonline2 App to Access Sky Live/Hawkeye Content

1. Navigate to Mytvonline2
2. Select Add Portal
3. Input any desired Portal Nickname
4. Input the Portal URL - "**hawkeyestreamz.is:80**"
5. Select "Login Required?" checkbox
6. Input Username
7. Input Password
8. Scroll down to click on Connect
9. After you connect to the Portal, you can select the Menu button on your Formuler remote to navigate to your desired content (Live TV, VOD or Series)
