ITDS, INC. JOINS WOMEN IN TRUCKING ASSOCIATION

We are excited to announce that ITDS, Inc. is now a proud member of the Women In Trucking Association (WIT)!

Founded in 2007 by Ellen Voie, Women In Trucking is a nonprofit organization dedicated to encouraging the employment of women in the trucking industry, promoting their accomplishments, and removing barriers that may prevent women from entering or advancing within the profession. Since its inception, WIT has grown into a nationally recognized organization that supports women at every level of the transportation industry, from professional drivers to business leaders. [womenintrucking.org]

Women In Trucking provides networking opportunities, educational resources, leadership development programs, industry research, and recognition programs that help create a stronger and more inclusive transportation workforce. The organization is committed to championing the advancement of women in trucking while fostering meaningful connections throughout the industry. [womenintrucking.org], [en.wikipedia.org]

At ITDS, we believe that a diverse workforce strengthens our company, our culture, and our ability to serve our customers. By joining Women In Trucking, we hope to support initiatives that encourage more women to explore rewarding careers in transportation, provide opportunities for professional growth, and stay connected to industry best practices that help us recruit, retain, and develop talented team members. WOMEN IN TRANSPORTATION SPOTLIGHT #1: CLASS B DRIVER MICHELE SIMON

THEME: MAKING A DIFFERENCE ONE STOP AT A TIME

How long have you been in transportation?

"I have been in transportation for 14 years and have held my Class B CDL for the past 3 years."

What led you to become a Class B driver?

"My journey started through the trucking company my husband and I launched more than 10 years ago. While I was responsible for training

straight truck drivers, I felt it was important to fully understand the role myself. Earning my CDL gave me firsthand knowledge and experience so I could better support and train our drivers."

What does a typical day look like for you?

"My day starts by getting my two teenage children ready for school. I then coordinate deliveries with the warehouse manager, complete my vehicle inspections, ensure freight is loaded safely, and focus on providing excellent customer service at every stop."

What do you enjoy most about interacting with customers and the community?

"I enjoy knowing I can make a positive impact on someone's day. A friendly greeting, a smile, and showing appreciation can go a long way. Building relationships and creating positive interactions leaves a lasting impression."

WOMEN IN TRANSPORTATION SPOTLIGHT

CLASS B DRIVER MICHELE SIMON

THEME: MAKING A DIFFERENCE ONE STOP AT A TIME

What is something people may not realize about Class B driving?

"Many people don't realize how impactful Class B drivers are. We often deliver to smaller locations, provide liftgate service, work in residential areas, and perform physically demanding work. It's challenging, but also very rewarding."

What skills are most important for being a successful Class B driver?

"Attentiveness, knowledge, punctuality, commitment, and genuine care for both customers and safety are essential qualities for success."

What is the most rewarding part of your job?

"The most rewarding part is completing my route safely and returning home to my family. Knowing I've served my customers well and left them with a little extra positivity makes every day worthwhile."

What advice would you give young people, especially women, who are interested in a career in transportation?

"Go for it! Transportation offers countless opportunities, whether you want to be a company driver, owner-operator, trainer, manager, or work in a corporate role. The industry needs talented, motivated people, and there is absolutely a place for women to thrive and build successful careers in transportation."

Michele's Words to Live By:

"We are the backbone of day-to-day life, delivering the essentials people depend on every single day."

What has trucking taught you about yourself?

"I've learned that I can accomplish anything I set my mind to."
