What Our Clients Say...

Zutshi Properties

'As Simon Zutshi's bookkeeper I've been delighted with the level of service we have received from Full Power Utilities. Each member of their team that I've had the pleasure to communicate with have been without doubt, efficient and very knowledgeable. With the size of Simon's portfolio it's a blessing to know that Full Power Utilities will contact us in a timely manner to remind us when the various contracts are due for renewal so we don't need to consider this a task for us to do. Since using Full Power, Simon's utility bills for his HMOs have been drastically reduced. As a bookkeeper who specialises in the property industry I would recommend that every landlord use Full Power'.

TFS Property Company

'When I first contacted the guys at Full Power Utilities, I had numerous contracts in place for my utilities, across my property portfolio. The contracts were all with different suppliers, on different tariffs and with different end dates. Frankly, it was a nightmare to manage. Simon and his team at Full Power Utilities not only secured a much more competitive rate than I was paying at most of my properties, but he co-aligned my contracts and put them all with one supplier, taking away a huge headache. If you operate a HMO/SA business, I strongly recommended using Full Power Utilities'.
