## Discussion

A number of different topics were discussed:

- Softball - age cutoff to September 1st to align with USA Softball
- Having the option to do virtual meetings during the slower business months
- Changing voting from communities to the Executive Board

- Community members proposed this to keep things moving
- We have had very poor attendance at meetings and this would allow us to vote on league matters in a timely fashion
- The communities can propose changes to the executive board and the executive board would take into consideration all of the input of the community members but ultimately the final decision will rest with the executive board.
- This should encourage attendance and participation on the executive board.
