Aims and objectives:

It is a primary aim of our academy that every member of the academy community feels valued and respected, and that each person is treated fairly and well. We are a caring community, whose values are built on mutual trust and respect for all. The academy's behaviour policy is therefore designed to support the way in which all members of the academy can live and work together in a supportive way. It aims to promote an environment in which everyone feels happy, safe and secure.

The Academy values forms the core of our behaviour policy, but our behaviour policy is not primarily concerned with rule enforcement. It is a means of promoting good relationships, so that people can work together with the common purpose of helping everyone to learn. This policy supports the academy community in aiming to allow everyone to work together in an effective and considerate way.

The academy expects every member of the academy community to behave in a considerate way towards others.

We treat all children fairly and apply this behaviour policy in a consistent way.

This policy aims to help children grow and learn in a safe and secure environment, and to become positive, responsible and increasingly independent members of the academy community.

The academy rewards good behaviour, as it believes that this will develop an ethos of kindness and cooperation. This policy is designed to promote good behaviour, rather than merely deter anti-social behaviour.

Behaviour Blue Print:

- The Behaviour Blue Print is guide to students and adults to positively manage behaviour at St Blasius Church of England Academy (see appendix 2).
- Everyone at the St Blasius Church of England Academy will adhere to these three rules:
 1. Ready
 2. Respectful
 3. Safe

Positive Behaviour Strategies:

- Teachers and adults in the academy community will use praise to support and mould the children's behaviour. A variety of praise strategies will be used throughout the Academy. Below is a range of strategies the adults will use:
- Types of praise:
 - Labelled- telling the pupils what they have done well or are being rewarded for.
 - Proximity- praise the children who are exhibiting the correct behaviour not the ones who are not.
 - Praise will be specific to the Academy Values

Positive Behaviour Rewards:

- Green letters - Will reward academic success, pupils will be able to demonstrate that they have successfully applied an understanding of a concept. A green

letter will be sent home to parents when a child reaches the top of the green triangle.

- Academy Values Award - – this is given to pupils who have consistently shown the Academy values throughout the working week. To receive this award the child must have 100% attendance during that week. They will be rewarded with hot chocolate with the Principal
- HERO- Here Everyday day Ready On-time- this award will be a 'pop up' award and will be used sporadically. This reward will be given to children who have 100% attendance.
- Dojo points will be used to grow good behaviour and can be used in conjunction with proximity praise.

Sanctions and dealing with in-appropriate behaviour:

The academy employs a stepped sanction process to support positive behaviour within the school, and to ensure a safe and positive learning environment. This stepped sanction process will be employed to support and manage low level disruptions (up to level 3):

1. Reminder – of the desired behaviour is
2. Warning – to of what the consequences
3. Last chance – final reminder of the desired behaviour
4. Time out/Sanction – The child will be moved away from the other children to ensure that learning is not disrupted. This space and length of the time out or sanction will be at the discretion of the Teacher or adult. The time out will be conducted in a safe space for individuals.
5. Repair - Restorative Meeting – this will be conducted by the adult who issued the sanction. It must happen within 24 hours of the behaviour occurring.

All adults will use the micro-scripts provided contained within the Behaviour Blue Print to support them when dealing with inappropriate behaviour.

Stage 3 and above Behaviours:

Teachers and other staff members will notify the Principal or Vice Principal of any behaviour that is classified as Stage 3 or above. The Teacher and adult will then work in conjunction with the Principal or Vice Principal to resolve the behaviour. Any behaviour above stage 3 could result in the sanctions as set out in guidance of of this policy.

Children who consistently display behaviour above stage 3 will be given an individual behaviour support plan to ensure consistency amongst all adults when dealing with challenging behaviour. This plan will be written by the class teacher and will have to be approved by the Principal.

If a child behaviour is a threat to the safety of themselves or others restrictive physical intervention will be used. This guiding factor for this is that it must be 'reasonable proportionate and justified' and it will only ever be used as a last resort. See Restrictive Physical Intervention Policy for more information.

Banned items:

Confiscating and searching pupils' electronic devices, such as mobile phones, in accordance with the law and the academy searching and confiscation policy. (Note: St Francis staff will access the DfE '[Searching, screening and confiscation at academy](#)' and Childnet cyberbullying guidance to ensure that the academies' powers are used proportionately and lawfully)

Searching can play a critical role in ensuring that schools are safe environments for all pupils and staff. It is a vital measure to safeguard and promote staff and pupil welfare, and to maintain high standards of behaviour through which pupils can learn and thrive.

Headteachers and staff they authorise have a statutory power to search a pupil or their possessions where they have reasonable grounds to suspect that the pupil may have a prohibited item listed in paragraph, prohibited items, or any other item that the school rules identify as an item which may be searched for.

Under common law, school staff have the power to search a pupil for any item if the pupil agrees. The member of staff should ensure the pupil understands the reason for the search and how it will be conducted so that their agreement is informed.

Bullying:

The academy does not tolerate bullying of any kind. If we discover that an act of bullying or intimidation has taken place in our academy, we act immediately to stop any further occurrences of such behaviour. While it is very difficult to eradicate bullying, we do everything in our power to ensure that all children attend academy free from fear.

All members of staff are aware of the regulations regarding the use of force by teachers, as set out in DfES Circular 10/98, relating to section 550A of the Education Act 1996: The Use of Force to Control or Restrain Pupils. Teachers in our academy do not hit, push or slap children. Staff only intervene physically to restrain children or to prevent injury to a child, or if a child is in danger of hurting him/herself. The actions that we take are in line with government guidelines on the restraint of children. Please read the academy policy on Positive Handling.

Cyber Bullying:

In relation to a specific incident of cyber-bullying, the school will follow the processes set out in this behaviour policy. Where illegal, inappropriate or harmful material has been spread among pupils, the school will use all reasonable endeavours to ensure the incident is contained.

Responding to bullying:

- i. The following steps may be taken when dealing with all incidents of bullying reported to the academy:
- ii. If bullying is suspected or reported, the incident will be dealt with immediately by the member of staff who has been approached or witnessed the concern.
- iii. The academy will provide appropriate support for the person being bullied – making sure they are not at risk of immediate harm and will involve them in any decision-making, as appropriate.
- iv. The principal/DDSL's) will interview all parties involved.
- v. The DSL will be informed of all bullying issues before entering it onto CPOMs

- vi. The academy will speak with and inform other staff members, where appropriate.
- vii. The academy will ensure parents/carers are kept informed about the concern and action taken, as appropriate and in line with child protection and confidentiality policies.
- viii. Sanctions, as identified within the academy behaviour policy, and support will be implemented in consultation with all parties concerned.
- ix. If necessary, other agencies may be consulted or involved, such as the police, if a criminal offence has been committed, or other local services including early help or children's social care, if a child is felt to be at risk of significant harm.
- x. Where the bullying of or by pupils takes place off academy site or outside of normal academy hours (including cyberbullying), the academy will ensure that the concern is fully investigated. If required, the DSL will collaborate with other settings. Appropriate action will be taken, including providing support and implementing sanctions in academy in accordance with this policy and the academy's behaviour policy.
- xi. A clear and precise account of bullying incidents will be recorded by the academy in accordance with existing procedures. This will include recording appropriate details regarding decisions and action taken.

When responding to cyberbullying concerns, the academy will:

- i. Act as soon as an incident has been reported or identified.
- ii. Provide appropriate support for the person who has been cyberbullied and work with the person who has carried out the bullying to ensure that it does not happen again.
- iii. Encourage the person being bullied to keep any evidence (screenshots) of the bullying activity to assist any investigation.
- iv. Take all available steps where possible to identify the person responsible.
 - a. This may include:
 - i. looking at use of the academy systems;
 - ii. identifying and interviewing possible witnesses;
 - iii. Contacting the service provider and the police, if necessary.
 - iv. Work with the individuals and online service providers to prevent the incident from spreading and assist in removing offensive or upsetting material from circulation.

Responding to child on child abuse: How to support the pupils involved

The victim

Victims of this abuse will likely find the experience distressing, which can affect their progress in school. This can be made worse if the alleged perpetrator(s) attends the same school.

Reassure them that you'll take them seriously, that they're not creating a problem, that they'll be supported and kept safe, and that the law is there to protect children rather than criminalise them. Keep them a reasonable distance apart from the alleged perpetrator(s) on school premises, including at before and after-school activities

- How your school supports the victim will depend on:
- The needs and wishes of the victim
- The age and developmental stage of the victim, the nature of the allegations and the potential risk of further abuse

You should also be aware that:

- Victims may not disclose the whole picture immediately, so dialogue should be kept open and encouraged
- Girls are more likely to be victims and boys are more likely to be perpetrators
- There may be more than 1 perpetrator, which is why KCSIE refers to 'perpetrator(s)' rather than 'perpetrator'

See more in paragraphs 530 to 539 of KCSIE.

The alleged perpetrator(s)

- It can be difficult to balance the need to safeguard the victim (and other children) with providing the alleged perpetrator(s) with an education and safeguarding support, and implementing disciplinary sanctions.
- ST Blasius will consider support (and sanctions) on a case-by-case basis. This includes considering:
 - The age and developmental stage of the alleged perpetrator(s)
 - The nature and frequency of the allegations and risk of harm to other children
 - Any unmet needs that the alleged perpetrator(s) may have
 - Remember that children displaying harmful sexual behaviour have often experienced their own abuse and trauma, and it's important they're offered appropriate support.
- Find further guidance in paragraphs 540 to 542 of KCSIE.

Other children

You should:

- Consider supporting children (and adult students) who have witnessed sexual violence, especially rape and assault by penetration
- Do all you can to make sure the victim, alleged perpetrator(s) and any witnesses are not being bullied or harassed
- Be aware that social media is very likely to play a role in the fall-out from any incident/alleged incident, including in potential contact between the victim, alleged perpetrator(s) and friends from either side
- Consider school transport as part of your risk assessment as a potentially vulnerable place for a victim or alleged perpetrator(s)
- Keep your policies, processes and curriculum constantly under review to protect all children

You can take disciplinary action while other investigations are ongoing

- The DSL should take the lead role here.
- The fact another body (such as the police) is investigating/has investigated an incident doesn't (in itself) prevent you from coming to your own conclusion about what happened and imposing a penalty accordingly. This is a matter for you and you should consider it on a case-by-case basis.

You should consider whether:

- Taking action would prejudice an investigation and/or subsequent prosecution – liaise with the police and/or LA children's social care to determine this
- There are circumstances that make it unreasonable/irrational for you to reach your own view about what happened while an independent investigation is considering the same facts
- You can, and should, still provide support at the same time as taking disciplinary action, if necessary.

Supporting pupils:

- *Pupils who have been bullied or through inappropriate behaviour will be supported by:*
 - Reassuring the pupil and providing continuous pastoral support.
 - Offering an immediate opportunity to discuss the experience with their teacher, the designated safeguarding lead, or a member of staff of their choice.
 - Being advised to keep a record of the bullying as evidence and discuss how to respond to concerns and build resilience as appropriate.
 - Working towards restoring self-esteem and confidence.
 - Providing ongoing support; this may include: working and speaking with staff, offering formal counselling, engaging with parents and carers.
 - Where necessary, working with the wider community and local/national organisations to provide further or specialist advice and guidance; this could include support through Early Help or Children Social Work Service, or support through the Children and Young People's Mental Health Service (CAHMS)

The role of the class teacher and other adults:

It is the responsibility of class teachers and other adults to ensure that the academy's Behaviour Blue Print is followed anywhere in the academy at all times.

The class teachers and other adults in our academy have high expectations of the children with regard to behaviour, and they strive to ensure that all children work to the best of their ability.

The class teacher treats each child fairly, and enforces the Academy Values consistently. The teachers treat all children in their classes with respect and understanding.

If a child misbehaves repeatedly in class, the class teacher and other adult will record the all such incidents. In the first instance, the class teacher deals with incidents him/herself in the normal manner up to stage 3. However, if misbehaviour continues or escalates above level 3, the class teacher or other adult seeks help and advice from the Principal or Vice Principal. This may involve the support of the academy Inclusion Leader, ELSA and FLO following further discussion as to the best way to support the child's behaviour.

The class teacher other adult liaises with external agencies, as necessary, to support and guide the progress of each child. The class teacher may, for example,

discuss the needs of a child with the education social worker or the LA's behaviour support service.

The class teacher other adult reports to parents and carers about the progress of each child in their class, in line with the whole-academy policy. The class teacher other adult will also contact a parent if there are concerns about the behaviour or welfare of a child.

The role of the Principal and SLT:

It is the responsibility of the Principal, under the Academy Standards and Framework Act 1998, to implement the academy behaviour policy consistently throughout the academy, and to report to FGB members, when requested, on the effectiveness of the policy. It is also the responsibility of the Principal to ensure the health, safety and welfare of all children in the academy.

The Principal supports the staff by implementing the policy, by setting the standards of behaviour, and by supporting staff in their implementation of the policy.

The Principal keeps records of all reported serious incidents of misbehaviour.

Both the Vice-Principal and Principal have the responsibility for giving fixed-term exclusions to individual children for serious acts of misbehaviour. For repeated or very serious acts of anti-social behaviour, the Vice-Principal and Principal may permanently exclude a child. FGB members will be informed of this action.

Staff induction, development and support

All staff, at their point of induction, will receive training from a senior leader on:

- The behaviour blueprint
- Consistent adult behaviour
- The 3 school rules
- Rewards – how to grow positive behaviour
- Restorative practice

Staff support:

- All staff will be expected to support each other and support can be requested by any member of staff at anytime.
- The senior leadership are on call, through the use of Radios to support staff if needed
- Staff are encouraged to use the mental health support provided by the Trust and the school's mental health practitioner if this so needed.

The role of parents and carers

The academy collaborates actively with parents and carers, so that children receive consistent messages about how to behave at home and at academy.

We make clear the academy rules in the academy website, and we expect parents and carers to read them and support them. Parents are expected to sign the home-academy agreement.

We expect parents and carers to support their child's learning, and to cooperate with the academy, as set out in the home–academy agreement. We try to build a supportive dialogue between the home and the academy, and we inform parents and carers immediately if we have concerns about their child's welfare or behaviour.

If the academy has to use reasonable sanctions to punish a child, we expect parents and carers to support the actions of the academy. If parents and carers have any concerns about the way that their child has been treated, they should initially contact the class teacher. If the concern remains, they should contact the FGB members. If these discussions cannot resolve the problem, a formal grievance or appeal process can be implemented.

The role of Governing Body

The FGB has the responsibility of setting down these general guidelines on standards of discipline and behaviour, and of reviewing their effectiveness. The FGB supports the Principal in adhering to these guidelines.

The Principal has the day-to-day authority to implement the academy's policy on behaviour and discipline.

Discipline of pupil misbehavior outside the academy

We expect our pupils to behave well when they are off the academy site. This includes behavior on activities arranged by the academy, such as educational visits and sporting events; behavior on the way to and from academy; and behavior when wearing academy uniform in a public place.

When deciding what sanctions are necessary, we will apply the following criteria:

- The severity of the misbehavior
- The extent to which the reputation of the academy has been affected
- Whether the pupil(s) in question were wearing academy uniform or were otherwise readily identifiable as members of the academy
- The extent to which the behavior in question would have repercussions for the orderly running of the academy and/or might pose a threat to another pupil or member of staff (e.g. bullying another pupil or insulting a member of staff)
- Whether the misbehavior in question was on the way to or from academy, outside the academy gates or in otherwise close proximity to the academy
- Whether the misbehavior was whilst the pupil was participating in a sports or other event with another academy (i.e. when the pupil might be expected to act as an ambassador for the academy) which might affect the chance of opportunities being offered to other pupils in the future.

Uniform and appearance

Effective teaching and learning needs proper organisation, and this starts with a smart and tidy appearance which helps to instill discipline and pride in appearance in students and reduces the risk of distraction in lessons. Details of uniform expectations can be found on the academy's website which included rules on shoes, hair and jewelry.

The academy uniform should be worn by all students. Students who come in not wearing the correct academy uniform will be provided with an appropriate uniform to wear during the day.

Children who refuse to change uniform will be subject to level 3 sanction in-line with this policy.

Use of disciplinary sanctions (other than exclusion)

Academy staff have a statutory power to impose sanctions; these sanctions must be reasonable and proportionate to the circumstances of the case. The use of sanctions is monitored by age, ethnicity, gender, special educational needs (SEN) and disability.

Disciplinary sanctions have three main purposes, namely to:

- impress on the perpetrator that what he or she has done is unacceptable
- deter the pupil from repeating that behavior
- signal to other pupils that the behavior is unacceptable and deter them from repeating it.

We always try to ensure that children see any sanction imposed on them as fair. To achieve this, staff will:

- make clear they are dealing with the behavior, rather than stigmatising the person;
- avoid early escalation to severe sanctions, reserving them for the most serious or persistent misbehavior;
- avoid whole group sanctions that punish the innocent as well as the guilty;
- wherever possible, use sanctions that are a logical consequence of the pupil's inappropriate behavior (for example, if work is not finished in class the teacher might make the pupil stay behind at break time to finish it off);
- use sanctions to help the pupil and others to learn from mistakes and recognise how they can improve their behavior (i.e. to have a restorative conversation);
- when appropriate, use sanctions to put right the harm caused;
- never issue a sanction that is humiliating or degrading;
- use sanctions in a calm and controlled manner;
- ensure that sanctions are seen as inevitable and consistent (pupils should know that a sanction, when mentioned, will be used);

The table below indicates possible responses and sanctions which are reasonable and proportionate to different types of misbehavior. **It is important to stress that this table is a guide only; decisions on what sanctions to use will always be moderated by the circumstances of the case, the age and understanding of the pupil and any Special Educational Needs.**

Any misbehaviour at stages 3-5 should always be referred to the Principal, who will guide the member of staff as to the sanctions to be imposed.

Fixed-term and permanent exclusions

We do not wish to exclude any child from academy, but sometimes this may be necessary. The academy has therefore adopted the standard national list of reasons for exclusion, and the standard guidance, called Improving Behaviour and Attendance: Guidance on Exclusion from Academy and Child Referral Units (DfE, September 2022).

Only the Principal has the power to exclude a child from academy. The Principal may exclude a child for one or more fixed periods, for up to 45 days in any one academy year. In extreme and exceptional circumstances, the Principal may exclude a child permanently. It is also possible for the Principal to convert a fixed-term exclusion into a permanent exclusion, if the circumstances warrant this.

If the Principal excludes a child, the parents or carers are informed immediately, giving reasons for the exclusion. At the same time, the Principal makes it clear to the parents or carers that they can, if they wish, appeal against the decision to the Governing body. The academy informs the parents or carers how to make any such appeal.

The Principal informs the Chair of the FGB about any permanent exclusion, and about any fixed-term exclusions beyond five days in any one term.

The FGB itself cannot either exclude a child or extend the exclusion period made by the Principal.

The FGB has a discipline committee which is made up of between three and five members. This committee considers any exclusion appeals on behalf of FGB members.

When an appeals panel meets to consider an exclusion, they consider the circumstances under which the child was excluded, consider any representation by parents/carers and the Trust, and consider whether the child should be reinstated.

If the FGB appeals panel decides that a child should be reinstated, the Principal must comply with this ruling.

Reintegration Meetings:

- Understand the impact of their behaviour on themselves and others
- Meet the high expectations of behaviour in line with your school's culture
- Foster a renewed sense of belonging within the school community
- Build engagement with learning

Drug- and alcohol-related incidents:

It is the policy of this academy that no child should bring any drug, legal or illegal, to academy. If a child will need medication during the academy day, the parent or guardian should notify the academy and ask permission for the medication to be brought. This should be taken directly to the academy office for safekeeping. Any medication needed by a child while in academy must be taken in line with the guidance outlined in the Administering Medication Policy.

The academy will take very seriously misuse of any substances such as glue, other solvents, or alcohol. The parents or guardians of any child involved will always be notified. Any child who deliberately brings substances into academy for the

purpose of misuse will be punished by a fixed-term exclusion. If the offence is repeated, the child will be permanently excluded, and the police and social services will be informed.

If any child is found to be suffering from the effects of alcohol or other substances, arrangements will be made for that child to be taken home.

It is forbidden for anyone, adult or child, to bring onto the academy premises illegal drugs. Any child who is found to have brought to academy any type of illegal substance will be punished by a temporary exclusion. The child will not be readmitted to the academy until a parent or guardian of the child has visited the academy and discussed the seriousness of the incident with the Principal.

If the offence is repeated, the child will be permanently excluded.

If a child is found to have deliberately brought illegal substances into academy, and is found to be distributing these to other pupils for money, the child will be permanently excluded from the academy. The police and social services will also be informed.

Monitoring and review

The Principal monitors the effectiveness of this policy on a regular basis. The Principal also reports to the FGB on the effectiveness of the policy and, if necessary, makes recommendations for further improvements.

The academy keeps a variety of records concerning incidents of misbehaviour. The class teacher records minor classroom incidents. The Principal records those incidents in which a child is sent to them on account of bad behaviour. We also keep a record of any incidents that occur at break or lunchtimes: lunchtime supervisors give written details of any incident on CPOMs . Information will be given to the class teacher at the end of the break/lunch time.

The Principal keeps a record of any child who is suspended for a fixed-term, or who is permanently excluded.

It is the responsibility of the FGB to monitor the rate of suspensions and exclusions, and to ensure that the academy policy is administered fairly and consistently. The FGB will pay particular attention to matters of racial equality; it will seek to ensure that the academy abides by the non-statutory guidance The Duty to Promote Race Equality: A Guide For Schools, and that no child is treated unfairly because of race or ethnic background.

The FGB reviews this policy every two years. The FGB members may, however, review the policy earlier than this if the government introduces new regulations, or if the Trust Community Partnership receives recommendations on how the policy might be improved.
