Introduction

Our **vision** for our Trust is we exist to:

Help every child achieve their God-given potential

Our **aims** are clear. We aim to be a Trust in which:

Developing the whole child means pupils achieve and maximise their potential

Continued development of staff is valued and improves education for young people

All schools are improving and perform above national expectations

The distinct Christian identity of each academy develops and is celebrated

Our work as a Trust is underpinned by shared **values**. They are taken from the Church of England's vision for Education and guide the work of Trust Centre team. They are:

Aspiration

I can do all things through Christ who strengthens me
(Philippians 4 vs 13).

Wisdom

Listen to advice and accept discipline, and at the end you will be counted among the wise
(Proverbs 19 vs 20)

Respect

So in everything do to others what you would have them do to you
(Matthew 7 vs 12)

Our vision of helping every child achieve their God-given potential is aligned with the Church of England's vision for education and is underpinned by the Bible verse from John: *I have come that they may have life, and have it to the full.*

The purpose of this policy is to detail the procedures for the retention and disposal of information to ensure that we carry this out consistently and that we fully document any actions taken. Unless otherwise specified, the retention and disposal policy refers to both hard and soft copy documents.

1. Policy Aims

The School/Trust has a responsibility to maintain its records and record keeping systems. When doing this, the School/Trust will take account of the following factors: -

- The most efficient and effective way of storing records and information;
- The confidential nature of the records and information stored;
- The security of the record systems used;
- Privacy and disclosure; and
- Their accessibility.

This policy does not form part of any employee's contract of employment and is not intended to have contractual effect. It does, however, reflect the Trust's current practice, the requirements of current legislation and best practice and guidance. It may be amended by the Trust from time to time and any changes will be notified to employees within one month of the date on which the change is intended to take effect. The Trust may also vary any parts of this procedure, including any time limits, as appropriate in any case.

This policy sets out how long employment-related and pupil data will normally be held by us and when that information will be confidentially destroyed in compliance with the terms of the General Data Protection Regulation (GDPR) and the Freedom of Information Act 2000.

Data will be stored and processed to allow for the efficient operation of the School/Trust.

The Trust's Data Protection Policy outlines its duties and obligations under the GDPR.

The Trust is the registered Data Controller, however, most information will be stored at School level and therefore the terms "Trust" and "School" should be interchangeable throughout this policy.

2. Retention Schedule

Information (hard copy and electronic) will be retained for at least the period specified in the attached retention schedule. When managing records, the School/Trust will adhere to the standard retention times listed within that schedule.

Paper records will be regularly monitored by the Head Teacher supported by the person responsible for GDPR within the School and the Trust DPO where appropriate.

Electronic records will be regularly monitored by the Head Teacher supported by the person responsible for GDPR within the School and the Trust DPO where appropriate.

The schedule is a relatively lengthy document listing the many types of records used by the School/Trust and the applicable retention periods for each record type. The retention periods are based on business needs together with legal and regulatory requirements.

The attached Appendix I is directly appropriated from the IRMS Toolkit 2019.

3. Destruction of Records

Where records have been identified for destruction they should be disposed of in an appropriate way. All information must be reviewed before destruction to determine whether there are special

factors that mean destruction should be delayed, such as potential litigation, complaints or grievances.

All paper records containing personal information, or sensitive policy information should be shredded before disposal. All other paper records should be disposed of by an appropriate waste paper merchant. All electronic information will be deleted.

The School/Trust maintains a database of records which have been destroyed and who authorised their destruction. This should be held in spreadsheet format which is clear and concise and can be referred to as and when required.

When destroying documents, the appropriate staff member should record in this list at least: -

- File reference (or other unique identifier);
- File title/description;
- Number of files; and
- Name of the authorising officer.

4. Archiving

Where records have been identified as being worthy of preservation over the longer term, arrangements should be made to transfer the records to the archives. A database of the records sent to the archives is maintained by the business manager or Head Teacher. The appropriate staff member, when archiving documents should record in this list the following information: -

- File reference (or other unique identifier);
- File title/description;
- Number of files; and
- Name of the authorising officer.

5. Transferring Information to other Media

Where lengthy retention periods have been allocated to records, members of staff may wish to consider converting paper records to other media such as digital media or virtual storage centres (such as cloud storage). The lifespan of the media and the ability to migrate data where necessary should always be considered.

6. Responsibility and Monitoring

The Head Teacher has primary and day-to-day responsibility for implementing this Policy. The person responsible for GDPR within the School, in conjunction with the Trust Data Protection Officer is responsible for monitoring its use and effectiveness and dealing with any queries on its interpretation. The person responsible for GDPR within the School and the Trust DPO will consider the suitability and adequacy of this policy and report improvements directly to management.

Internal control systems and procedures will be subject to regular audits to provide assurance that they are effective in creating, maintaining and removing records.

Management at all levels are responsible for ensuring those reporting to them are made aware of and understand this Policy and are given adequate and regular training on it.

7. Related Policies

Staff should refer to the following policies that are related to this Data Retention Policy.

- Data Protection Policy
- Freedom of Information Policy
- Privacy Notices

If the Academy operates a subsidiary company, it is expected that these records will be managed in line with standard business practice.
