If you feel that a child may be at risk of harm but are not sure, then inform one of the safeguarding team immediately. They will offer advice and take appropriate action.

Child abuse can happen to any child regardless of elements such as gender, culture, religion, social background or disability.

A copy of the schools Safeguarding policy is located in the school office and staff room.

Types of harm

We all have a responsibility to keep children (under the age of 18) safe, both at home and in school. Harm is identified in four ways:

Physical – when a child is deliberately hurt or injured.

Sexual – when a child is influenced or forced to take part in a sexual activity. This can also be an activity such as being made to look at inappropriate images.

Emotional – when a child is made to feel frightened, worthless or unloved. It can be by shouting, using threats or making fun of someone. It can be when children see their parents, or visitors to the home fighting or using violence.

Neglect – when a child is not being taken care of properly by their parents/guardians. It can be poor hygiene, poor diet, not keeping appointments for additional support, not coming to school and being left home alone.

Remember...if in doubt...ask
Please do not leave our school without telling someone or doing something.

If a child discloses they might be subject to abuse:

- React calmly and listen carefully to the child
- Do not promise confidentiality. Explain to the child that you must pass on the information if you are worried about their safety.
- Do not ask leading questions or make judgements.
- Speak to a member of the Safeguarding team immediately.
