

10th

Mrs. Barninger's Supply List Geometry

**May purchase from Math Store
for \$9 Geometry Package
Add \$20 for a calculator**

**pocket folder, compass, protractor,
ruler, tape (would need your own
calculator, pencil, and paper)**

** Must have a **pocket Folder** with brads -
this will be used for NOTES. I will take this
folder up for a grade so it needs to be a
pocket folder with brads.

** **Calculator** - I prefer the Casio FX115 -
\$20. The MATH TEAM will have some
available for purchase. If you have a
graphing calculator, that would be great but
not required.

** A place for you to do and keep your math
assignments. You could use a **3-ring binder**, a
folder, spiral with pockets, etc. Use whatever
works best for you to keep organized.

** **Pencil** and **paper** for your assignments.

** A textbook will be issued. I will give Bonus
Points for good book covers.

Classroom supplies:

A pack of colored copy paper

Graph paper

Box of Tissue

** Geometry Toolbox:

**We will use these items on a daily
basis. I will assign an empty box
for you. Please remember that the
teacher will not be responsible for
any lost or broken items.**

- **Compass** - 'the thing to draw circles' - get a
good one called BOW COMPASS; it will be
worth the extra money. Cost \$3-\$12

- **Protractor** - 'the thing to measure angles'.
Any cheap one will do. Most prefer a small
one. A clear one is the best.

- **scotch tape** (at least 2 rolls)

- **Ruler** - must have inches (with 1/16 inch '
the tiny marks'), millimeters/centimeter.
No larger than 12 inches or it will not your
'tool' box

- **Scissors**

Throughout the year, I may ask the students to
bring in miscellaneous items to class

**The Math TEAM has a Math
Store where you can
purchase some of these
items.**

Casico FX 115 - \$20

Bow Compass - \$5.00

Protractor - \$0.50

Pocket Folder - \$2.00

Ruler (clear, Magnifying) - \$2.00

***more items: pens, pencils, lead refill, poster
board, Thumb Drive, Composition Books, Index
Cards, Highlighter, white out
