TURTLES

Turtles are ancient mariners; let's ensure their journey continues.

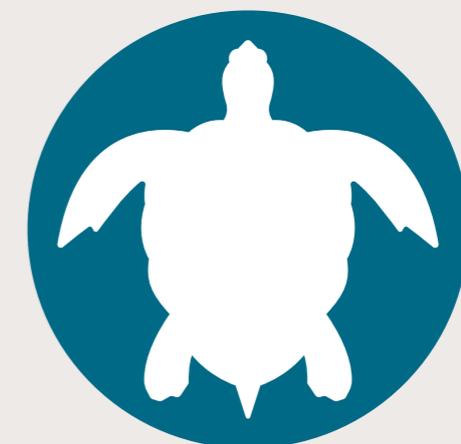

It is on everyone's bucket list to see a turtle in the wild, swimming free and not in an aquarium.

We are lucky to have them around the coastline of Cyprus. We always keep an eye out for turtles and will tell you as soon as we spot them.

If we are at a swim stop and the turtles arrive we have GOLDEN RULES to keep them safe, and we ask everyone to remember that we are guests in their home.

- DO NOT touch the turtles.
- DO NOT chase the turtles.

They will be happy to swim around you and gift you the most amazing photo opportunity. Your gift to them will be the support of their continued existence and to follow our rules.

The St Georgios II is a stylishly, sleek luxury yacht, in a class of its own sailing from Protaras.

We offer a cruise that is fun for all ages, family friendly and superb value for money.

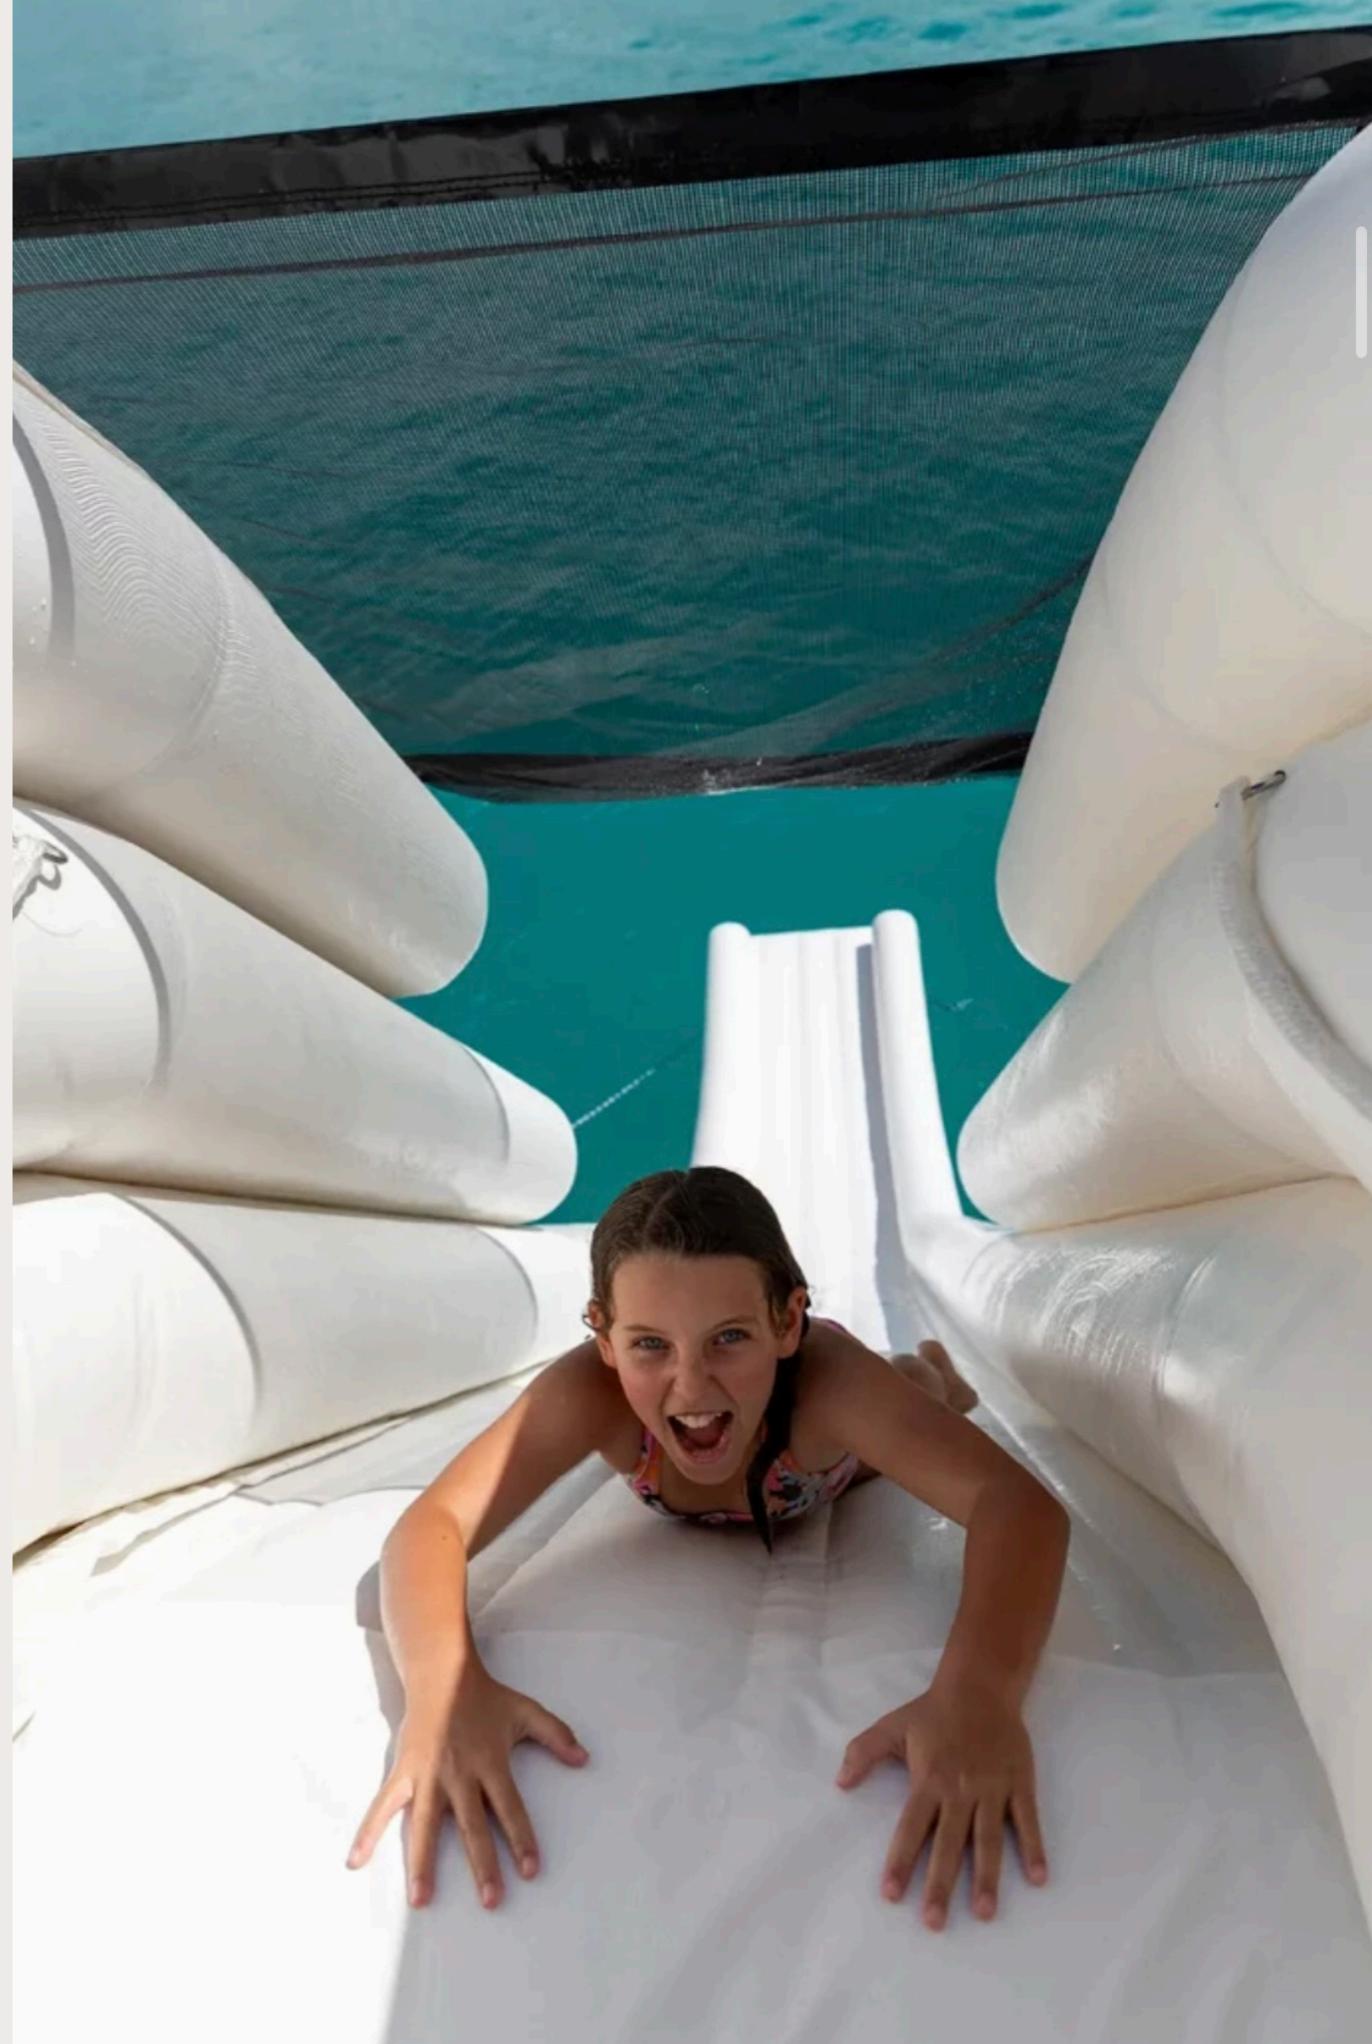

This is a vibrant boat, and so much fun, the time will literally sail away. We have the biggest slide on any boat in the east coast which will be deployed at the swim stops.

Great music playing with an 80's/ 90's and noughties vibe. If you want to get up and dance, we will be there with you, if you want to sit with a cocktail and watch the world pass by, we are right behind you.

We encourage everyone to cruise exactly how they want to. Making memories that will last a lifetime.

LUXURY YACHT

St. Georgios II

The St Georgios is straight from the history books, once owned by one of the most famous and popular Presidents of Cyprus, Glafcos Clerides.

This was his personal private yacht where many hours were spent cruising the coastline, giving him a haven of serenity, gathering his thoughts and spending memorable days with his family, it was also used for private meetings with Heads of State from around the world. Just imagine who was sitting on that sofa in the lounge.....

With many of the original features still in place, we have lovingly renovated this piece of history and our cruises reflect excellent value for money.
