About CampusImpact

CampusImpact is an IPC-registered charity, serving children and youths for the past 20 years. We are experienced in designing and running camps and children's programmes based on our principles of a safe space, empowering child-led decision making and gamification of our learning and development modules. Part of our vision is to build strong children – helping them find their limits, go beyond them, and build resilience to navigate any future challenges they face.

Our teachers and facilitators bring years of experience and relevant certifications, along with a holistic background in MOE educators, adventure educators, social work, and counselling, to ensure a safe and positive learning experience for children.
