Manager's meeting

Recently, managers from across the business came together in Melbourne for a few days of connection, collaboration, and planning. It was a great opportunity to step away from the day-to-day, share ideas, reflect on what's working well, and explore ways we can continue to grow and improve. Bringing leaders together from different locations sparked plenty of valuable conversations and helped strengthen our shared focus on delivering great outcomes for our customers and staff.

Peep the new Bendigo office facelift!

We were previously packed in like sardines – cosy and warm. Now there's finally enough room to stretch the legs and practice your waltz moves between desks if the mood strikes. Left is the "before," right is the shiny new "after"!
