THE STEERING WHEEL

May 2025

VOL.53

Remembering Archie

This month, we sadly said goodbye to Archie. He was a big part of our team for almost 18 years.

Wearing many hats as a father figure, a brother, a friend, and a trusted confidant to everyone who was lucky enough to know him. As well as being a very passionate Brisbane Lions supporter.

He will be deeply missed.

Kings Birthday Long weekend

Quote of the Month

"And will you succeed?
Yes! You will, indeed! (98
and 3/4 percent
guaranteed.)"

-Dr Seuss

Spot
our
mud
flap

Tony Lake contacted us asking if we would send him a mud flap to add to his Daughter's very large collection. This photo just covers one of the wall's!

From Then to Now: The Value of Ongoing Learning

A message from Roger

As a Company, sections are behind in updating staff on
Policy & Procedures

And for some it is looked upon as a frustrating exercise
to be updated and reminded of the hurdles we all face.

This morning (28/05) we had 2 staff come in for 3 hours
to further their knowledge in modern practices.
Colleen guided them through the processes, on
computers.

We need to realise when these guys started 55 + years
ago, the process was potentially course language in the
form of advice, and off you go.

No telephones, not warm heated trucks, little horse
power, and a lot of manual loading
55 years on both well into their 70's enjoy doing some
casual trips for PTG as it suits us both.

The message though it is vital we embrace the training
and inductions
these help to keep us all safe and prosperous.

Some snaps of
our newest A
Double trailers
added to the
fleet.
