‘REMINDER TO ALL IF YOU HAVE NOT YET COMPLETED THE PALLET TRAINING MAYBE ITS TIME TO JUST DO IT’

At the beginning of October, Pickering Transport coordinated the movement of turf from Victoria to Queensland. This operation involved five depots and a large team of staff who worked together to make the move a success. Over the course of three days, seven drivers transported 190 pallets of turf, covering nearly 10,000 kilometres in total.

Some pretty cool
info, that you may
not have known.

● ● ● ● DID YOU KNOW?

Between **October 2024 and September 2025**, Pickering Transport created an impressive 97,982 bookings! The most common route was Melbourne to Mildura, closely followed by Adelaide to Renmark. During this time, our fleet moved a massive 838,071 pallets, travelling a total of 19,900,401 kilometres across all prime movers and tray trucks — using 9,262,596 litres of fuel along the way! That's a year of incredible teamwork, dedication, and movement across Australia!
