

TeamSideline – Team Sites

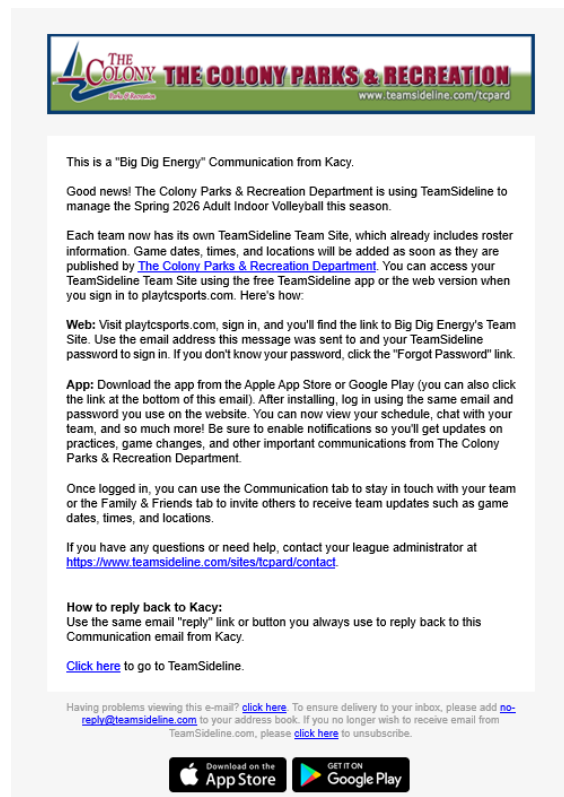

The Colony Parks and Recreation Department utilize Team Sites through TeamSideline for team management.

What are Team Sites?

Team Sites are the hub for your team during the season. On your Team Site you will see your roster, game schedules, practices, chat feature and information from the league.

When do I get access?

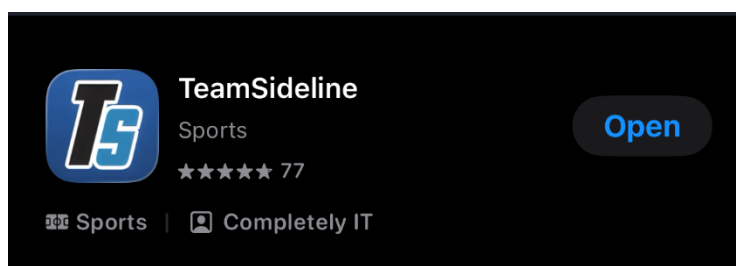

Near the start of the season, you will receive access to your Team Site. You will receive the following email from TeamSideline stating you have been added to the team with information on how to log in.

Ways to View Your Team Site:

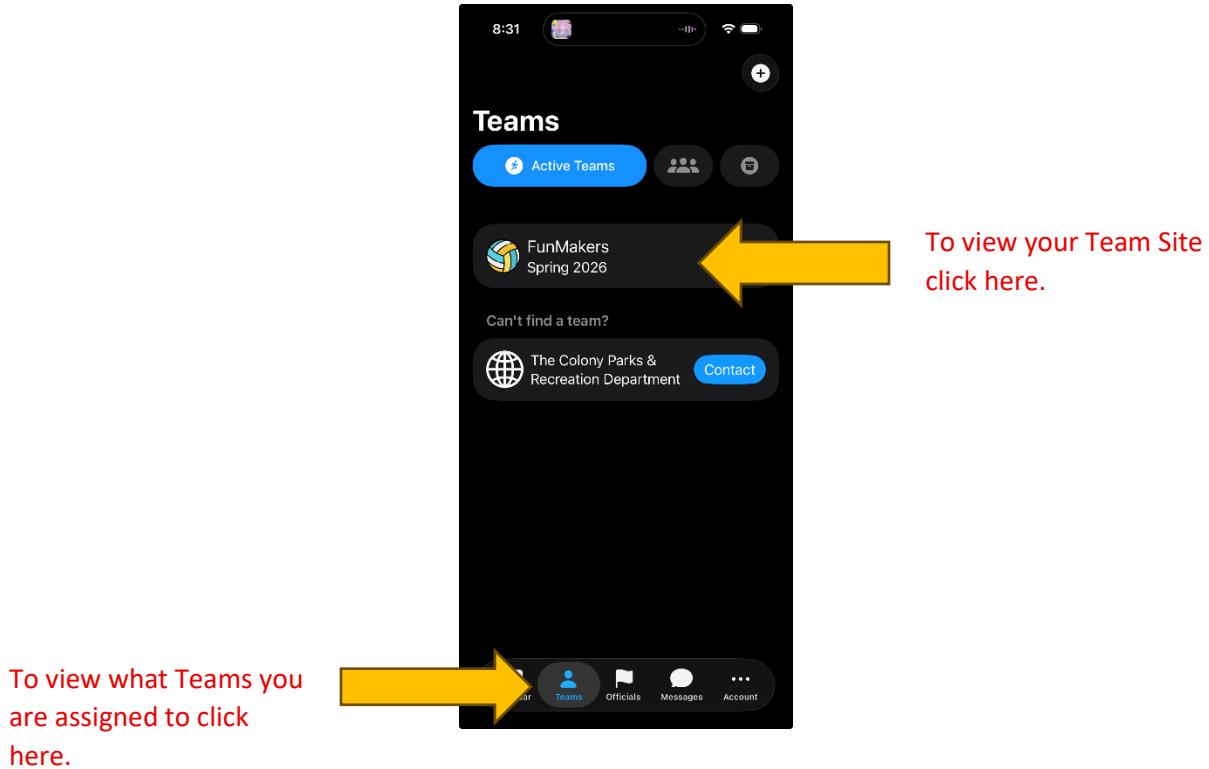

App Version:

To access your Team Site you can download the app version from the app store on your phone.

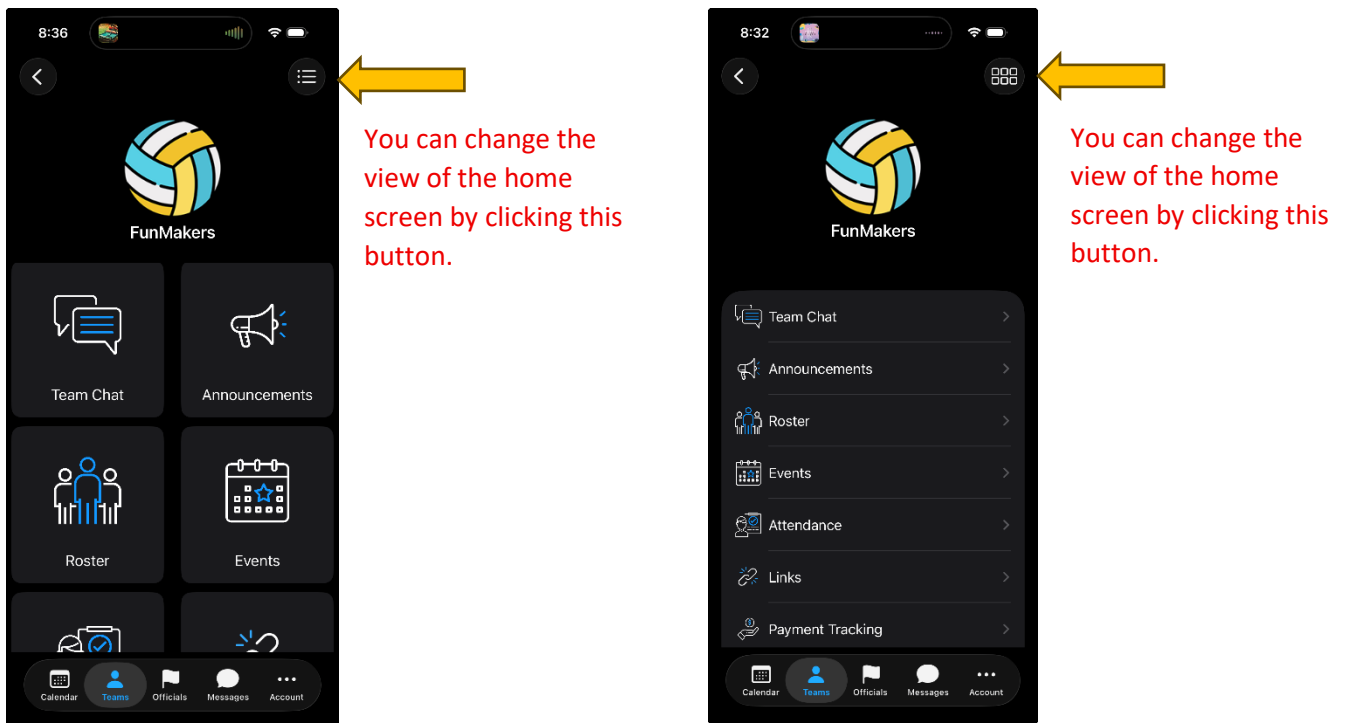

Viewing your Team Site on the app:

Once the app is downloaded you will need to go to the team's tab that is located on the bottom of the screen:

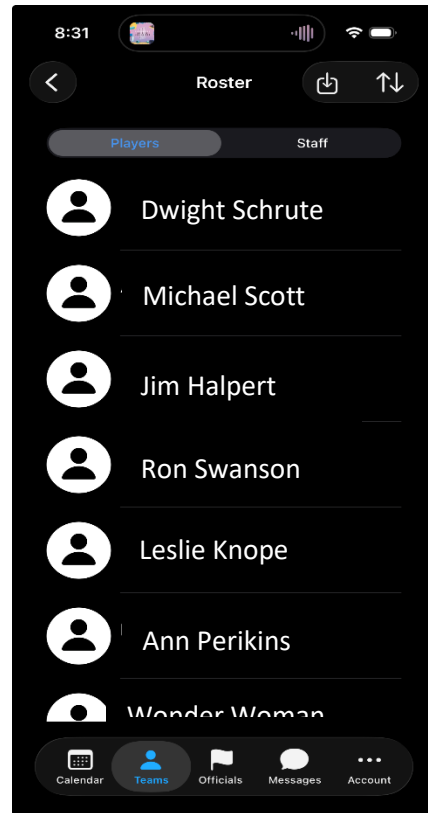

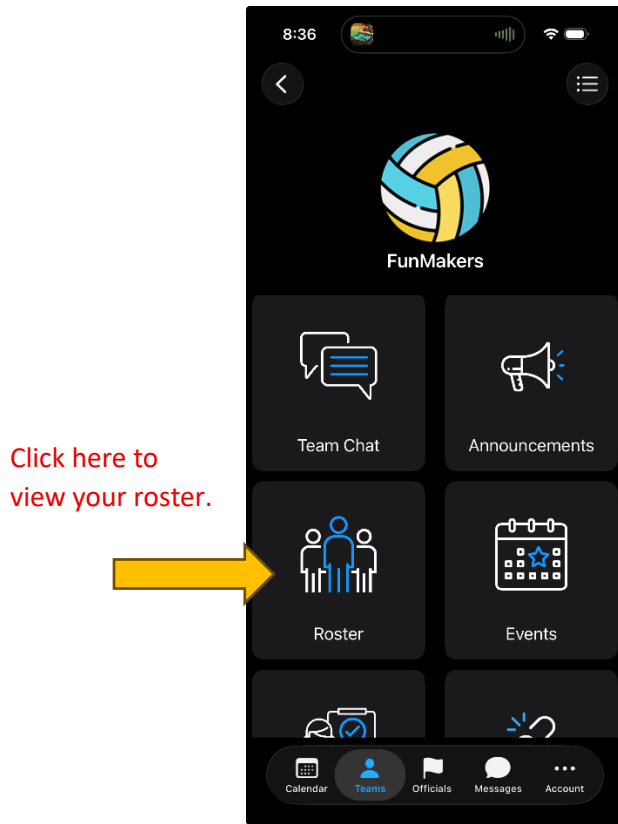

App Team Site Main Page:

The screenshots below show the two main pages where you can find all the information for your team. You can switch between the two styles by clicking on the icon on the top right of the screen.

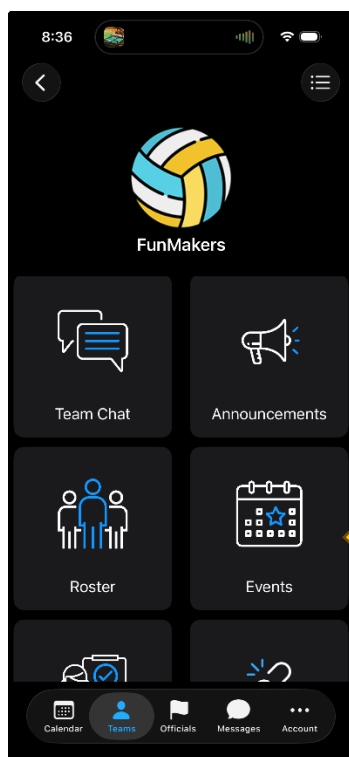

How to view your roster:

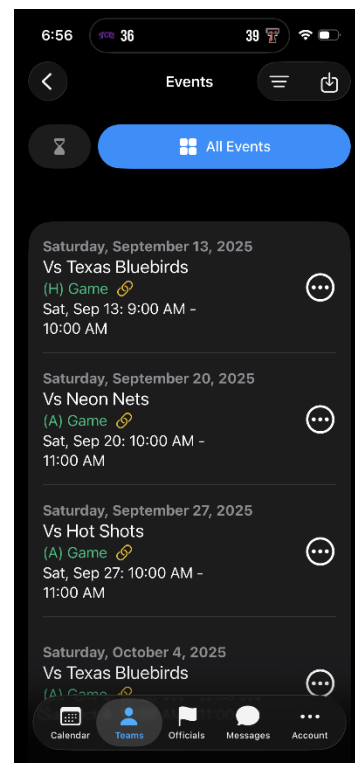

You can see who is officially on your roster by clicking on the roster button. *Anyone on this list is not on your team. All players must still register through the Amilia system. The athletics staff will then add players to the appropriate team site.

How can I see my game schedule:

Click here to check your game schedule.

Web Version:

You can visit the website version of Team Sites by going to PlayTCSports.com.
