

Vendors for Catering

Below you will find a list of possible options for catering. These are vendors that have been used frequently, have a broad selection of food choices, as well as different price points to fit the desired cost. The phone numbers are listed for your convenience so you can contact the location of your choice to discuss food selections and corresponding costs. Another option we have to offer is a "Cookie Reception" if you would prefer that in lieu of a luncheon. In that case, we can have our volunteers (or people you choose) bring desserts, and our servers will provide beverages such as coffee and lemonade to go with desserts.
