

Pledge Packets

We are currently gathering commitments to support the Kauai Sailing Association (KSA) youth outreach programs, an initiative proudly backed by the Kalapaki Eco Adventure. By making a pledge today, you are directly investing in the future of our island youth-providing them with essential maritime safety skills, fostering confidence on the water, and creating long-term opportunities for local kids. We are looking for partners who share our vision of a more capable, seafaring generation. Would you be willing to make a pledge toward this vital outreach program.
