

LLP Series

The Lorry LytePod Podium Steps provides safe, efficient access to the rear entrance of lorries. UK-made with durable aluminium, these utilise the LytePod podium steps which are certified to BS8620, ensuring maximum safety while being easy to transport and store.

Key Benefits

- **Safety First:** Folding safety gates to the sides of the podium cover the rear entrance to the lorry for added security.
- **Easy Access Saloon Gates:** Giving you 360° fall protection without needing to manually fasten bars or chains.
- **Spring-loaded Claws:** Fast, secure access into the lorry via the spring-loaded claw locking gate.
- **Adjustable Platform Heights:** Two platform heights for greater flexibility.
- **Compact & Portable:** Foldable design with rear wheels for easy transport and compact storage.
- **Repairable Design:** Modular construction allows for easy maintenance and extended product lifespan.
- **Maximum Load Capacity:** 150kg for demanding tasks.
