

NVPRO Series

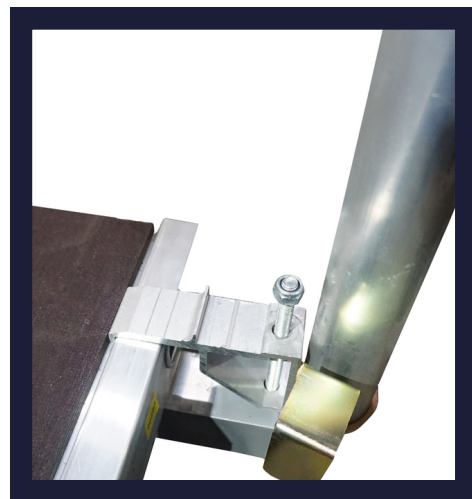

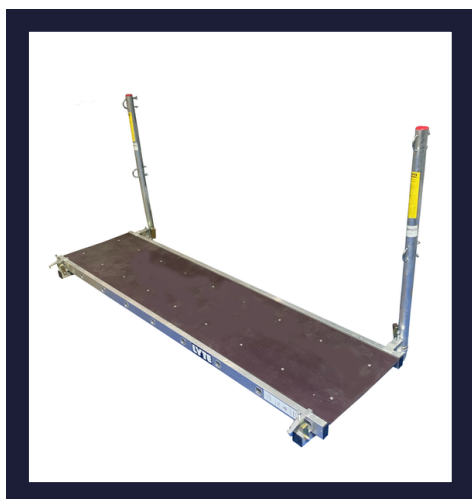

Achieve maximum safety and reliability with Lyte's Class 1 BS2037 Lightweight Narrow Width Staging Boards, offering a robust, non-slip working platform for industrial use. Manufactured in the UK, these boards are built to handle demanding tasks with ease.

Key Benefits

- **Heavy-Duty:** Welded frame provides superior high-strength construction.
- **Non-Slip & Rot-Proof:** Features durable, rot-proof WISA board decking.
- **High Grip:** Rubber end caps and inserts provide extra grip and stability.
- **Heavy Load Capacity:** Supports up to 270kg, distributed evenly across the entire board.
- **Handrail Compatible:** Designed for use with the Lyte Industrial Handrail System for enhanced safety.

Available in 7 sizes
