

NVPROEX Series

Work confidently with Lyte's Class 1 BS2037 Lightweight Staging Boards, offering a durable 600mm wide, non-slip platform for industrial use. UK-made and engineered for safety, these boards are perfect for heavy-duty tasks.

Key Benefits

- **Heavy-Duty:** Welded frame provides superior high-strength construction.
- **Non-Slip & Rot-Proof:** Features durable, rot-proof WISA board decking.
- **Enhanced Grip:** Fitted with rubber end caps and inserts to prevent slipping.
- **High Load Capacity:** Supports up to 270kg across the entire board for secure use.
- **Handrail Compatibility:** Designed to work with the Lyte Industrial Handrail System for added safety.

Available in 7 sizes
