

T6/MS Series

Constructed from the same design as the marketing-leading NELT series, this ladder has been designed for safe, reliable access to agriculture machinery.

Key Benefits

- **Heavy-Duty Construction:** Premium-grade aluminium and box section stiles ensures durability for the toughest jobs.
- **Comfortable Climb:** Strengthened D-shaped rungs provide much more comfortable climbing and standing compared to square rungs.
- **Sustainable Design:** UK-sourced Recycled Low-Carbon Aluminium 4.0 rungs, combining durability with environmental responsibility.
- **Maximum Load Capacity:** 150kg - Making it ideal for heavy-duty use.

Code	No. of Sections	No. of Rungs Per Section	Length mm
T6/MS/4R	Single	4	925
T6/MS/6R	Single	6	1760
T6/MS/8R	Single	8	2410
